

CCompiler

```
graph BT; A["setuptools._distutils._msvccompiler.MSVCCompiler"] --> B["CCompiler"]
```

The diagram illustrates a class inheritance relationship. At the bottom is a gray rectangular box containing the text 'setuptools.\_distutils.\_msvccompiler.MSVCCompiler'. A blue arrow points vertically upwards from the center of this box to the center of a white rectangular box at the top containing the text 'CCompiler'.

setuptools.\_distutils.  
\_msvccompiler.MSVCCompiler
