

tuple

```
graph BT; A[pip._vendor.pygments.lexer.combined] --> B[tuple];
```

A diagram illustrating a type annotation. A light gray rectangular box at the top contains the word "tuple". A dark blue arrow points vertically upwards from the bottom center of a wider, gray rectangular box below it to the bottom center of the "tuple" box. The lower box contains the module path "pip.\_vendor.pygments.lexer.combined".

`pip._vendor.pygments.lexer.combined`
